"Year of the Roundballers"

This was the year of the Tiger roundballers. Their road led to the state playoffs race where they received the checkered flag.

Starting at Bi-District, Daingerfield handily defeated Pine Tree 44-40 at the Tyler Junior College Wagstaff Gym. With momentum rolling, the Tigers dominated Ennis by the score of 67-58 at the Greenville High School gym during the Regional contest.

State tournament time arrived and all doubt was dismissed when "Big Blue" took the floor. Their poise, determination, and discipline led to a 66-55 decision over Huntsville and advanced the cagers to the finals. The finals presented a tough Borger team but the Tigers demonstrated their version of "tough" and the crown was theirs by the margin of 72-68.

The victory was the top of the ladder but each rung was strengthened by dedicated support and unbelievable pride. This was the first state basketball championship for Daingerfield. Yes, this was the year of the Daingerfield roundballers.

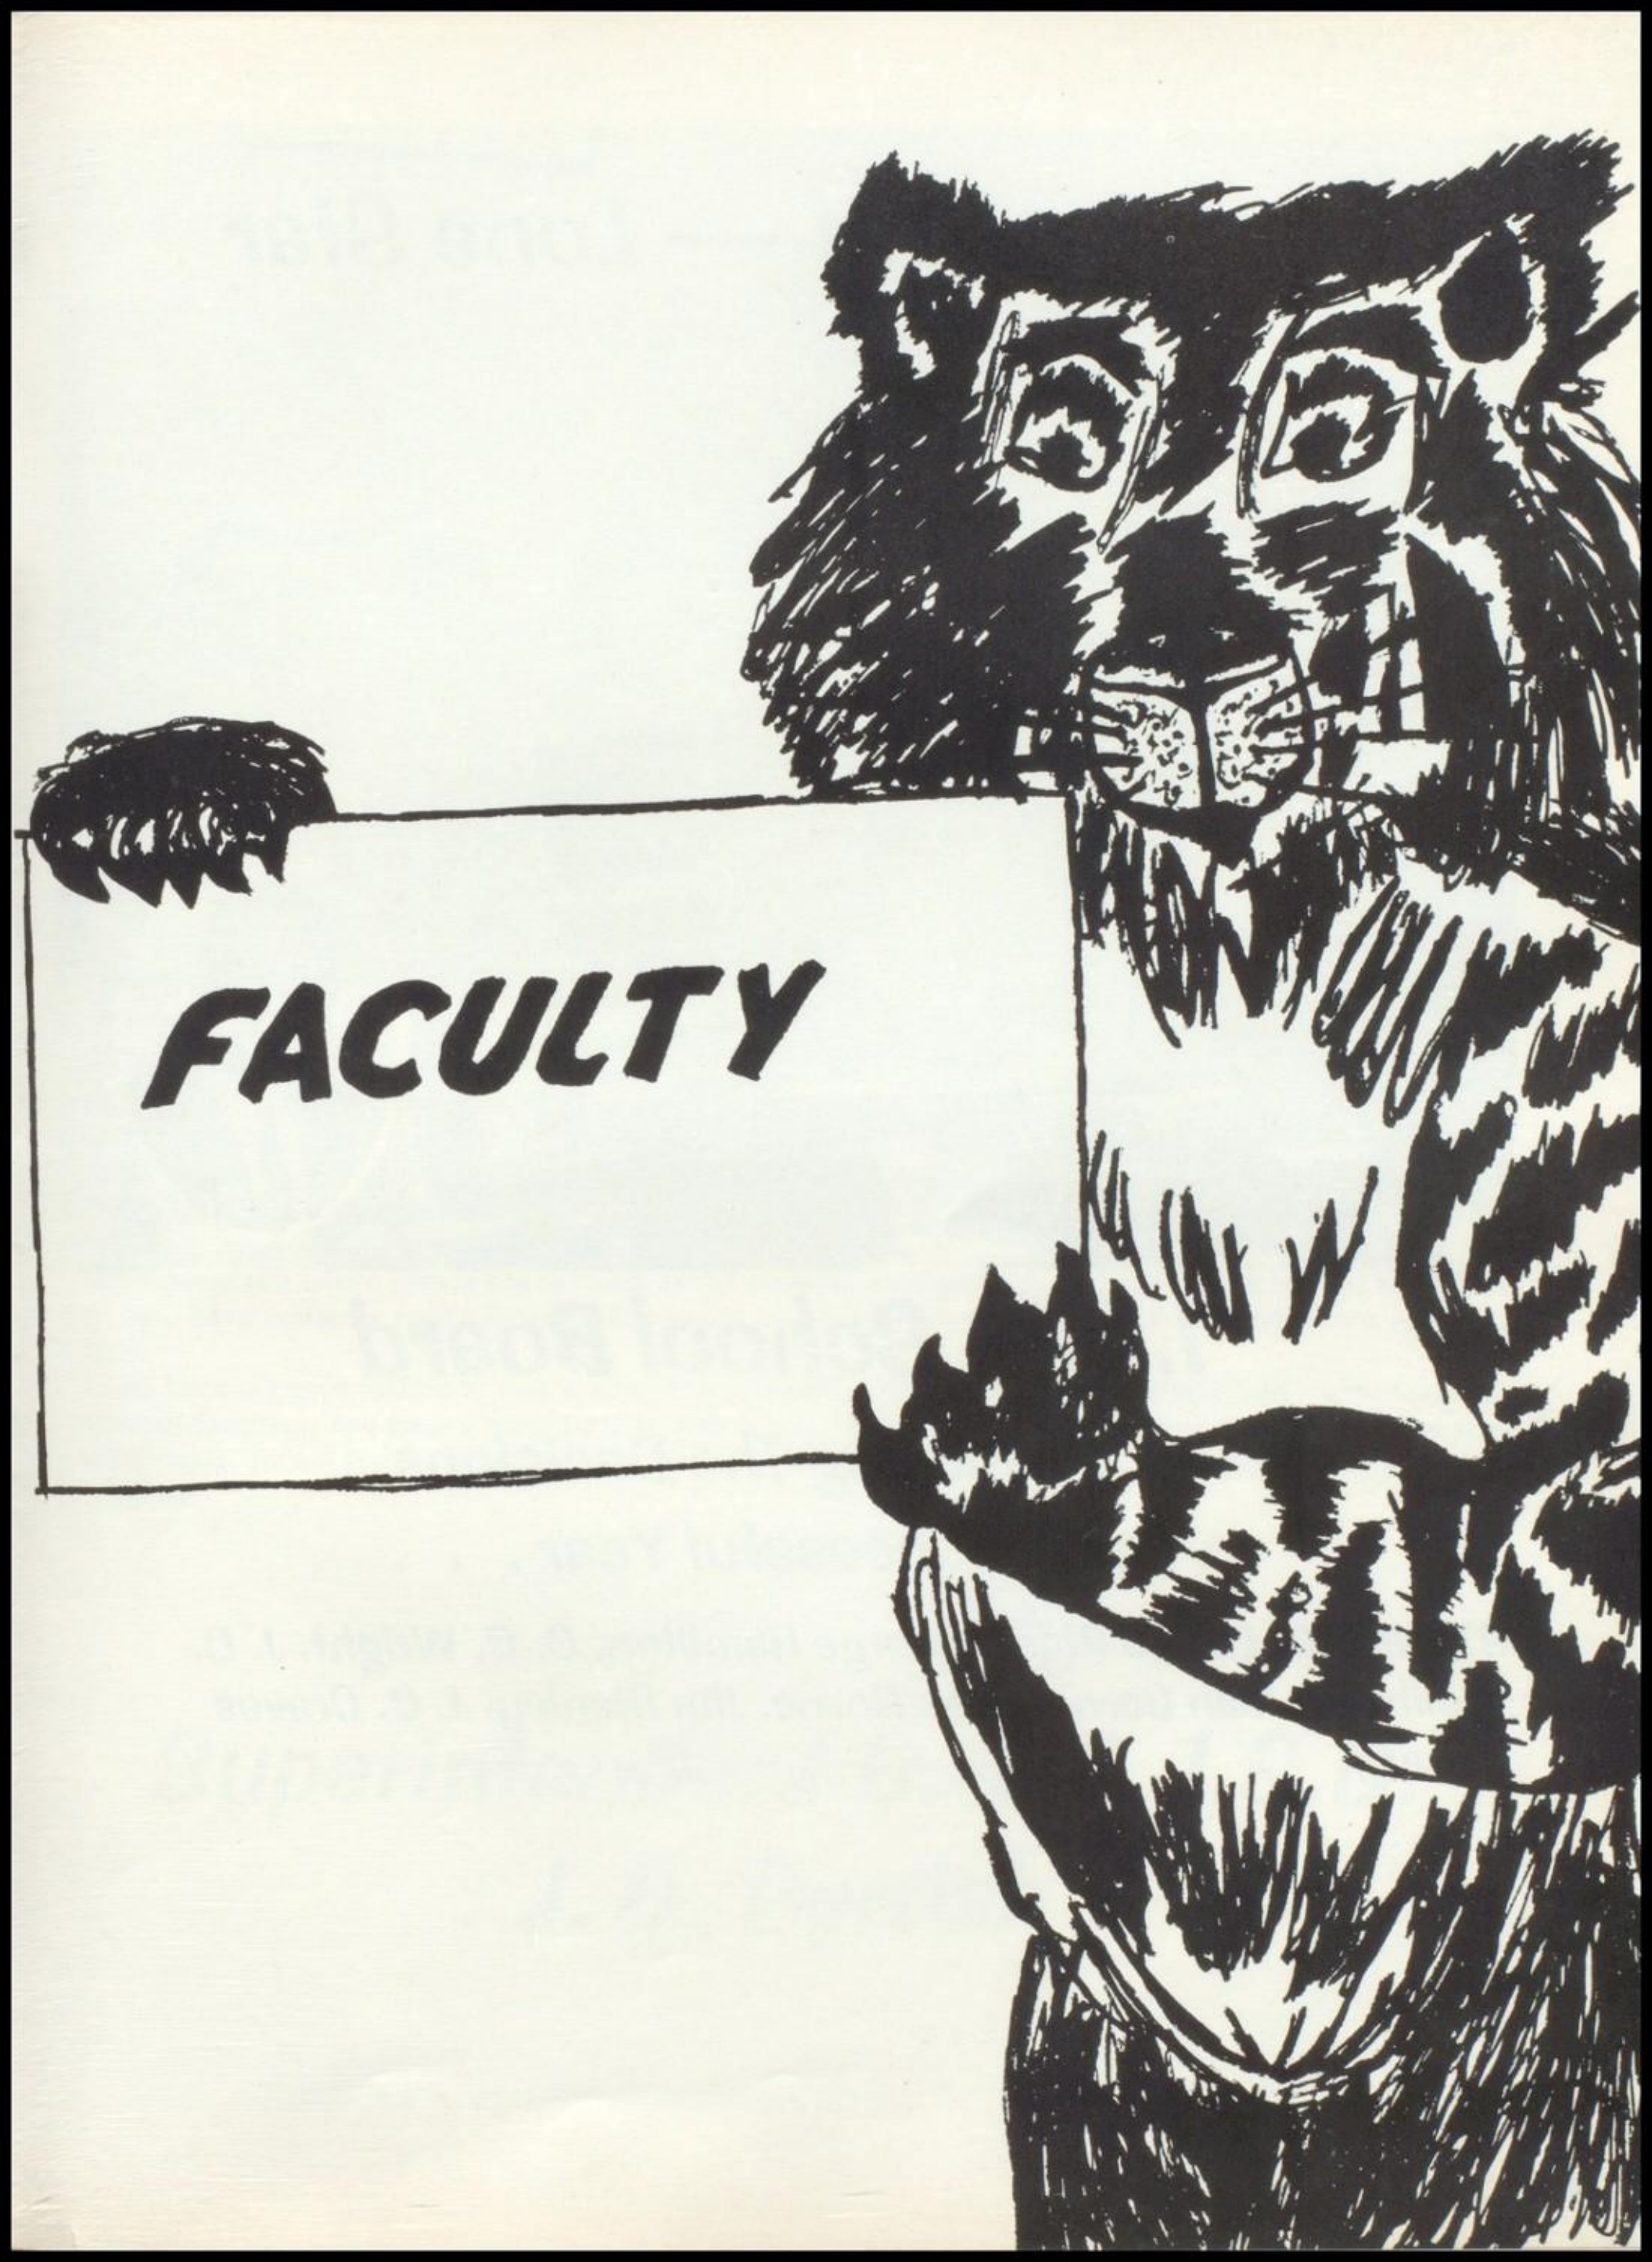
Girls' Athletics . . . Bigger And Better Things.

Starting a new program is always rough and the girls' athletics program is on the move at D.H.S.

Coach Tommy Walker, flanked by managers Lisa Doddy and Cheryl White, is in his second year at D.H.S. While the boys' program is well established, Coach Walker and crew, readily prepare D.H.S. for a well rounded, boy and girl program.

We wish to offer our encouragement and support.



FACULTY

Daingerfield — Lone Star

I.S.D. School Board

. . . Making The Decisions For A Successful Year . . .

STANDING, Left to Right: George Hamilton, G. C. Wright, J. C. Wellborn, Jean Garner, Rex Norris, Jim Stanley, J. C. Craves (Insert).

I have considered it a privilege to be associated with our school system for some twenty-five years in a leadership capacity. It is a real satisfaction for me to see the success our students have achieved in the professions, business, vocations, and all areas of life. I know the present student body will continue the tradition. Have you noticed how proudly our ex-students let the world know that they are graduates of Daingerfield High School? This is, for one reason, because our present student body continues to carry on the good work, and make them proud.

Our success as a school system has been due to the cooperation of parents, students, school boards, and faculties, who have desired a good educational program, and have been willing to work and provide the necessary means.

It has been my good fortune to work among such fine people as we have in the Daingerfield - Lone Star ISD, dedicated faculties, and great student bodies, such as you. As I enter the twilight of my career, thanks to you, young people, for not letting me grow old, and for your influence on me in maintaining my faith in the younger generation.

Sincerely,

J. D. Parrish

Dedicated to the Class of '77
By Robert Williams

A STEP INTO THE WORLD

Each day in the year the senior student is not far away from facing the world. Through life there are many contributions which we make to the world. We face life together and we will live out our destination. As you travel through life you will always remember the good and bad times at school - the many times you were sent to the office and the time you received an award for doing something great. You will never forget the times you had parties, went to the office and got a blue slip or even skipped school. Each senior should remember the athletic games they witnessed or the pep rallies they attended. You went on many trips with organizations such as Drama Club, FFA, FHA, the DHS Band, or as an athlete. The overall school has some good and bad times. Everyone experienced many great things during their span of school enrollment. Some hated school but found out it was all right in the long run. We, the senior class as a whole, have faced many different teachers which have brought about some influence on our life. Whether you loved or hated them they all had one purpose in mind - that you get an education. As we reach out to the world for another part of our life, we will find that there is a lot of world out there.

A recipe of thoughts to carry into the world with you are things that you will benefit from in your passage through the world. Your AMBITION which is an idea to be something great or nothing. BROTHERHOOD in which you help one another is a necessity in life's struggle. COMPANIONSHIP in which you associate with other people is a basic part of your life. DESTINY in that you reach your final goal of the world. The EFFORT put into your life to make it a successful one. We set out for our FORTUNE the good things in life. The GUIDANCE that we get is important to our morals. A sound head, an honest heart and an humble spirit are the three best guides through time to eternity. HONESTY is important all through the world and in everyone's life. Living with IMAGINATION is a great thing to do for imagination is all in the mind. If we get caught doing wrong we should be brought to JUSTICE by law. LOVE, a great feeling felt by everyone or almost everyone, is like pollution in that it grows where it accumulates. Seniors, of course, have to have MONEY in the world although they will come across money problems. Our NECESSITY is to live our life and mature with age. The OPPORTUNITY shall await us as we shall soon take the big step into the world. No matter who the person is everyone should have a good PERSONALITY to associate with people. We possess many QUALITIES that will soon be brought about in a job or at a college. RESPONSIBILITY is contained in everyone. Each has a responsibility to be useful. SINCERITY in your heart is a most gracious possession to have. Being TRUSTWORTHY gives you many advantages that you normally would not have toward another person. UNDERSTANDING is the true contract to have a good friend. As we continue, we will make VOWS through life that will keep the world turning. WISDOM is something that is of certain need; wise up to things in which you are in the dark. Once we were all YOUTHS, the period between childhood and adulthood. We should be thankful to have made it this far in life. The final ingredient is our ZEAL or eagerness to get out in the world and make something of ourselves.

As we leave to take a step into the world we will leave the memories of the Daingerfield Schools at heart. Our high school climax is the receiving of our diploma. When we take our final walk down the hall and aisles, we will know that it is getting close to our step into the world. School has been good to everyone who has been good to it. May it carry on its responsibility of teaching, skill building, and educating. We hope to make a successful step into the world together.

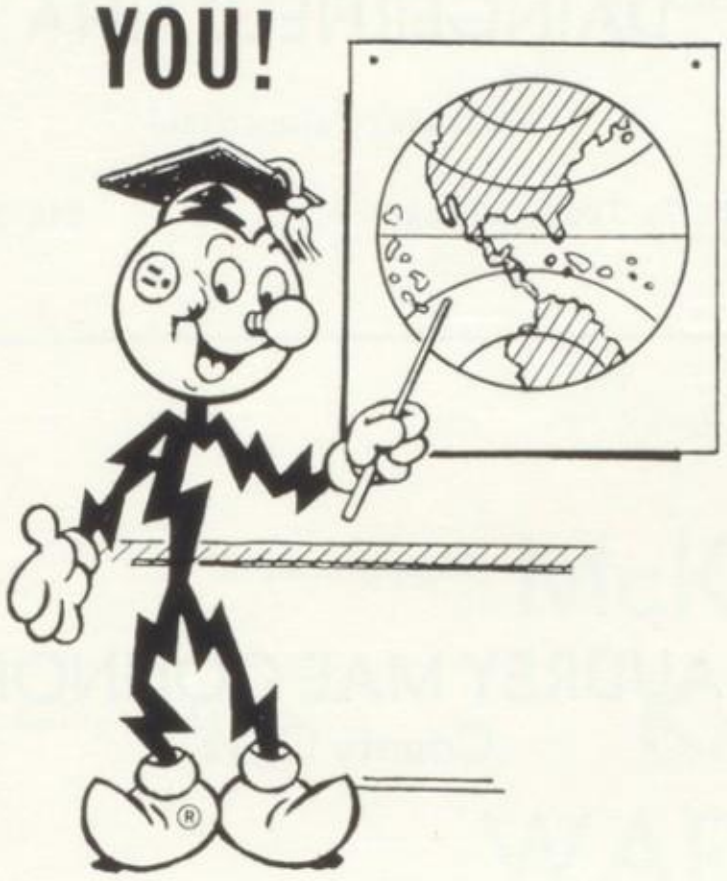
The Future Belongs To YOU!



A milestone has been passed. Now you're ready to face the world — make your contribution.

We at SWEPCO congratulate you. We are proud to be a part of your community and to be of service. You can count on electricity — it's dependable.

SWEPCO®

Southwestern Electric Power Company

Let us give your skin care program a big plus. Redken pH Plus.

If your skin is dry, taut and rough, if you're using alkaline makeups and beauty aids, you may be courting dryness, telltale lines and other nasty signs of the times. You may be causing your skin to appear aged before its time.

We can help you maintain the delicate acid mantle nature gave your skin with pH Plus. pH Plus is an acid-balanced skin treatment collection, scientifically formulated with collagen protein derivatives, vitamins, minerals, wheat germ oil, emollients and other ingredients your complexion will thrive on.

Let us help you chart a program that will give your complexion what it needs. Stop by our salon today and give your complexion a big plus...pH plus by Redken.
